## President's Message .....

You asked for it, the president hard at work!!!

If 76 people would show up just to see a picture of the president in our bulletin. I would hope that many more than that will attend our June meeting to wish Bill and Theresa Morrogh the best of luck on their upcoming move to Florida. They have both served the club in many capacities for several years. So please come out for this special occasion.

Tim Sherman has done it again, he's arranged For Rob Weltner from SPLASH to speak to us about the condition of our bays. This should prove to be a very informative meeting. Just to keep all informed we are at the church for this meeting because the Yacht Club was not available due to a scheduling conflict. We will return there for our September meeting. As you may know the July and August meetings are held at the property in conjunction with other events.

Our garage sale took place as scheduled and Mother Nature was cooperative with a decent day. Vendor participation was lighter than in past years due to a poor forecast, however, those that

were there said sales were excellent. Overall we turned a modest profit.

A big thank you to Chris Bellinzoni, Captain Harry Weinblatt and Captain John Jutt for once again making our Larry Festa shark clinic a huge success. To all of those behind the scenes volunteers too numerous to name, many thanks because without you it doesn't happen.

The club focus at this point is simple: FISH, FISH, FISH, AND MORE FISH!

And now back to the grind!

# Fishing Report

## Bass, Blues and the Offshore Season are Here!

May turned out to be an interesting but largely lackluster month with the exception of stripers and blues. Despite the relatively mild winter, May was cool and windy and water temps are a little cooler than normal for this time. Fluke got off to an early start as reported last month. However, around these parts, fluke fishing has not yet take off. Some shorts and an occasional better fish are available but slow overall, particularly in the ocean. A shortage of squid may be to blame and some have reported better success with "old fashioned" spearing and sandeels rather than bucktails / gulp. I did a very short bay trip yesterday (6/1) with my daughter Nicole onboard, we picked away at shorts and she dropped a 5 lb beauty right at the boat. She was out-fishing me badly with her slow bounce, then I caught on and slowed down the jigging. The fish were lethargic, so maybe the water does need to warm a bit. Fluking will only get better ...

The big story inshore has been the nice run of bass and blues available along the south shore. The action started to the west but has spread its way east, at least to Fire Island and beyond. Most of the impressive reports I've seen involve trolling bunker spoons or Mojo rigs in relatively deep 50 – 55 feet of water. Bryon King reported great bass fishing recently to the west, fish up to 29 lbs. on his specially modified Mojo rigs. Tons of blues too.

Captain Adam and dad Tony Bollaci of the F/V Hooker did a couple of bass trips with good results. The first included a beauty bass of 35.5 lbs. along with many large blues up to 15 lbs, south of the Pink Hotel. The next trip had a quick 4 man limit of bass, including fish of 20, 22, 25, 27 pounds, caught during the bottom of outgoing, slack tide, and the beginning of incoming. White spoons did the trick. Very nice .....

While we await a good run of ocean fluke and the seabass opener, large porgies are available on the local structure along with catch and release blackfish. Seabass are in great abundance, and reportedly a nuisance inshore and off. These fish have a high release mortality, why not let us keep a couple? Ling are being caught in deeper water. Cod are available inshore and off, but some knowledgeable skippers fear the good cod fishing we've experienced on the west end the past 10-12 years may be winding down, we shall see.

For those who don't know, and wonder why my own saltwater fishing efforts seem curtailed, it's because three years ago my wife and I purchased a "project" vacation home in Shandaken NY. The good news is that it's in ski and trout country. The bad news is there's still work to be done, but it's very rewarding. Between projects up there, this year I started spin fishing the Esopus

**Tony Bollaci with a 35.5lb F/V Hooker Bass**

Creek catching some nice brown and rainbow trout. Next up is Tenkara. If you don't know what it is Google it ... Might work for shallow water saltwater fishing too...

**Esopus Creek Shandaken NY Brown Trout**

In summary, things are looking up. Striped bass and blue fishing is good, we have lots of bait around so these fish should remain available until at least mid July. Fluke fishing should pick up and other bottom fishing opportunities will present themselves, especially when seabass open. The offshore tournament season is upon us, and next month I look forward to reporting some impressive shark and tuna reports. Good Luck to all FTC Anglers!

There's nothing like first hand reports, please consider sharing your fishing tales and pictures with our membership by sending them in. Thanks in advance !

Please email your reports to [philton@optonline.net](mailto:philton@optonline.net) ; or text/call me at 516.721.8907 Don't forget to send pictures and catch details for consideration by the Bulletin Committee for "Catch of the Month".

Sincerely,

*Paul Hilton FV Emily S*

## JUNE 2016 DERBY AWARDS & CONTEST REPORT

**Awards Chairman: Captain Bill Morrogh**  
**Committee: Ray Geiger, Captain Michael Zullo**

The first 2 Derbies of the year have ended. There were no weigh slips for Winter Flounder but our perennial bottom fishing duo of Mike and Maryellen Zullo swept the Cod derby!

Don't forget to pick up a couple of our AT-A-GLANCE cards at the June GM or at the Thursday night BBQ's. The AT-A-GLANCE cards list the Derby dates for the year. Put one in your wallet and one on your boat and you'll never miss a Derby!

Our "Bragging Rights" board down at the property is back in action. It lists the largest fish caught by club members by species. Come on down to a Captain/Anglers BBQ on a Thursday night and check it out.

Our 2015 FTC President, Ray Geiger, will be taking over the Chairman's reigns of the Awards Committee going forward. I'll be staying on to lend a hand. Let's all wish Ray great success in running this very important committee! It's been a pleasure to serve the FTC and this committee for the past few years!

### THE FOLLOWING DERBIES ARE IN PROGRESS OR STARTING THIS MONTH:

**Striped Bass • May 7th - June 12th**  
**Weakfish • May 7th - June 19th**  
**Fluke, Shark & Bluefish • May 21st - July 4th**  
**Tuna & Mahi • June 25th - August 7th**

**Good luck on the water! – Bill Morrogh**

# Catch of the Month

## Early Season "Kingfisher" Thresher

Congrats to Bryon King who ran his F/V Kingfisher "south of Jones Inlet" with a crew of Leo Ferando and Matt Sohm.

In an area loaded with bait, they successfully fought and landed a nice thresher which weighed in at a very respectable 237 lbs. at Woodcleft Fishing Station. Bryon has

been trying to get Leo and Matt to join the FTC, hopefully this adventure will provide some additional incentive for them. Bryon said they had another larger fish circling the boat as well.

This is one of, if not the first "desirable" shark (mako or thresher) that I am aware of landed on Long Island, congrats are definitely in order. GREAT JOB !  
**Send in those pictures !**

For bragging rights, please email me at philton@optonline.net or text me at 516 721 8907 to be considered for "Catch of the Month" by the bulletin committee.

Include pictures and some catch details. Thanks to all who submitted entries this Month and please keep them coming.

*Paul Hilton / Emily S*
